

1. INTRODUCTION

This policy document is written after consultation with the teaching staff and the Governor with responsibility for Literacy.

It is a working document, which reflects the ethos and practice within the school in relation to the teaching of Spelling. It has been written with due regard to the requirements of the Primary National Literacy Strategy schemes of work and the National Curriculum and it will be monitored and evaluated according to changes within these documents as and when they arise.

The Literacy coordinator: Julie Hakner KS1 Carolyn Baker KS2

The role of the co-ordinator: *See Appendix 1 :Literacy Coordinator Job Description*

2. FUNDAMENTAL PRINCIPLES

The whole ethos of Molescroft Primary School is to provide every child with a happy, caring, learning environment in which he or she can develop their full potential - whatever their needs and irrespective of ability race or gender.

Molescroft Primary school believes that spelling is an important aspect of writing but it must not be allowed to dominate our responses to children's writing. Very good efforts at writing can often be dismissed because of basic spelling errors and this can damage a child's perception of him or herself as a writer. We believe that a positive and interactive approach to spelling will encourage children to recognise their achievements in spelling rather than allowing spelling to be associated simply with mistakes and corrections. Through careful teaching and using specific strategies to develop spelling through its stages, we can encourage children to investigate and overcome spelling problems, thus becoming more confident writers.

AIMS.

The aims of Molescroft Primary School are:

- To teach spelling systematically throughout the school, using the PNS, Support for Spelling and Letters and Sounds as a framework.
- To teach the Word element of the PNS effectively focusing on Phonological Awareness, Word Recognition, Graphic knowledge and Spelling knowledge.
- To encourage children to develop and learn a personal bank of frequently used words.

- To equip children with the strategies to tackle unknown words independently and sensibly, thus avoiding dependence upon the teacher.
- To make children aware of the Writing Process so that they can write fluently, confidently and independently, concentrating on Spelling when and where it is appropriate.

3. ROLES AND RESPONSIBILITIES

The governing body should, in cooperation with the head teacher, determine the school's general policy and approach to spelling at Molescroft Primary School.

The Literacy coordinator should advise the Headteacher, staff and Governors of the current and changing practice in spelling at Molescroft Primary School and keep them up to date with new initiatives put forward by the Government and LEA.

The Teaching Staff should in cooperation with the Headteacher and Literacy coordinator, plan and deliver effective and investigative-style spelling lessons which reflect the school policy.

The SENCO should, in cooperation with the Headteacher, Literacy Coordinator and teaching staff provide support any additional spelling resources for children with Special Educational Needs.

4. PRACTICE

DEVELOPING SPELLING.

In order to be an efficient speller, a child needs to:

- Be able to segment words into component phonemes;
- Know which graphemes represent the phonemes in words;
- Be able to distinguish visually between words which are 'legitimately' spelled, eg wait, wate;
- Know the meanings of the homophones, eg been and bean, so that the correct spelling is used;
- Recall, eg by mental image, by memorising order of tricky letters, 'tricky' words;
- Know spelling conventions, eg, relating to double letters;
- Look for similarities in the spellings of words which are etymologically related, eg, sign,signal.

THE TEACHING OF SPELLING.

In order to guide children to becoming more confident spellers, the teaching of spelling is as investigative as possible. The lessons provide visual, auditory and kinaesthetic elements in which the children play a vital role in their own learning. The spelling lessons try to incorporate the successful elements of an Accelerated Learning lesson.

The Progression of approaches which are used throughout the school are laid out in the 'Spelling Progression' chart in Appendix 7

In KS1, daily activities follow the 'Letters and Sounds' framework and are taught initially using the Jolly Phonics scheme. Section 4 of Developing Early Writing is also followed closely.

In KS2, investigations are taken from and based upon the Support for Spelling book, the Grammar for Writing book, both from DFES and Spelling for Literacy an A&C Black publication. These books are used in order to fulfill the objectives in the Primary National Strategy.

In line with this publication, a spelling pattern will be taught over a two week period and will include several short teacher- led activities and the child's own investigations.

The key words used in the teaching of spelling are used from year to year to ensure continuity and aid children's understanding: *blend, segment, phonemes* and *graphemes* are the more common key words.

THE CLASSROOM ENVIRONMENT.

As part of the Accelerated Learning process, each child has access to the key words that may use in their writing. This is kept in their spelling logs or may be on laminated mats on their tables.(Appendix 2a KS1 : Appendix 2b KS2)

The key words for Key Stage 1 are taken from the Letter and Sounds phases and first 100 key words.

The key words for Key Stage 2 are taken from the NLS Year 4/5 words.

Each classroom also has a visual reminder of the Proof-reading system and the Spelling Strategies for use in the lesson when appropriate. In KS1, these visual reminders are colourful and eye-catching to encourage children to become more independent in their writing and spelling work. In KS2, the children use the reminders which are in their Spelling Logs.

SPELLING ROUTINES IN KEY STAGE 1 AND 2.

Spelling Logs.

Each child is given a green Esselte folder in Year 2. This is a personal Spelling Log in which children can record and practice their personal spellings. In this folder there are also spelling walls; spelling mats of the relevant keywords; visual reminders of the Spelling Strategy Checklist; Proof-reading checklist; Look/Say/Cover/Write/Check sheets and other relevant material. The Spelling Logs are given to the next class teacher at the beginning of each new academic year as an annual record of the child's spelling work. Any further work in the new academic year will be added to it.

In addition to this, children have a 'Spelling Work' book in which they carry out investigations related to the spelling pattern being studied. Spelling homework may also be carried out in this book. It is expected that this will be used as a reference which children can refer to when recalling different spelling rules.

Spelling Walls.

Each child is encouraged to keep a spelling wall of personal spellings that need to be learnt. The words that the child transfers on to his/her spelling wall have already been identified by the teacher as a word that the child is spelling incorrectly but should already know according to his/her ability. In this sense, the spelling walls are differentiated according to spelling ability. How to make the most efficient use of the walls is taught and modelled in the Literacy lesson and a Guidance for Parents is put in to their Spelling Logs (See Appendix 3a : Spelling Wall for KS1: Appendix 3b Spelling Wall for KS2: Appendix 4: Instructions on how to use a Spelling Wall.)

The Spelling Checklist.

One of our aims is to make the children in KS1 and KS2 as independent as possible in their approach to spelling. As a staff we have unanimously agreed that a queue of children waiting for 'spellings' is both frustrating for child and teacher and a waste of valuable 'independent work' time.

In KS2, the Spelling Checklist shows a child how to find a correct spelling by suggesting various stages that s/he may follow. The purpose of the Spelling Checklist and how to use it is modelled in the Literacy lesson until the children are familiar with the stages. The Spelling Checklist is put in to the Spelling Logs as a reminder and may also be used as a teaching tool or aide memoir. The Checklist can also be found on the reverse of the laminated table Spelling Mats (Appendix 5: Spelling Checklist.)

In KS1, the teachers have the keywords displayed and the children are encouraged to 'have a try' at an unknown word first. The teacher then discusses the attempt referring to any relevant phonics teaching in order to remind the child.

The Proof-Reading System.

Within the Literacy lesson, proof-reading techniques are taught using 'Teacher Demonstration' and 'Shared Writing' teaching methods. The children are made aware that checking their work for spelling mistakes is a vital and important part of the Writing Process. We agree as a staff that children should have the ability to proof-read work independently and not waste time queuing up to have their writing checked. We also want to avoid the scenario where children become accustomed to teachers proof-reading their work and finding all the mistakes for them. The Proof-reading system is taught and referred to in lessons to ensure that the children can proof-read work independently.

In KS2, the Proof-reading system is the model shown in Appendix 6.

In KS1, the Proof-Reading system has been adapted to suit the needs of the children. Year 1 classes use the Sentence Snake. Year 2 use the Checklist Cards as advised by the LEA Literacy team but they also have the KS2 Proof-reading System to refer to in their Spelling Logs.

Dictionary Use.

There are a range of dictionaries and thesauri in each class which are differentiated in ability levels to suit the range of needs within the Literacy groups. As well as doing investigations using dictionaries and undertaking specific dictionary work, the children are also encouraged to have dictionaries on the table during Guided Reading in order to research the meaning of an unknown word. The use of dictionaries also plays a part in the Spelling Strategy Checklist for KS2.

Marking Writing.

From Year 2 upwards, children are becoming more familiar with the Writing Process, which is displayed in most classrooms as a reminder. The children understand that the purpose of the Thinking, Planning and Drafting stages of writing is to bring cohesion and clarity to their thought processes and ideas. The first drafts of the writing should not be interrupted and troubled with lengthy searches for correct spellings. When the children move on to the Proof-Reading stage however, the time is given to checking any unfamiliar or unsure words. These words will have already been high-lighted within the writing because children are encouraged to put a line under any words they feel may need investigating later. The children go through the Proof-reading stages and then use the Spelling Strategy Checklist to investigate unknown words.

As teachers, our initial responses to a child's piece of work particularly at the Drafting stage should be related to the content (Composition and Effect) and should concentrate on the positive aspects of the writing. Later on, during the Proof-reading stage, any words that the child should know can be high-lighted using the symbol **Sp** and written correctly for them to transfer on to their Spelling Walls. Children should also be encouraged to transfer words that they find particularly useful on to their spelling walls. These words may be found in Reading books or during Guided Reading sessions.

SPELLING AND ASSESSMENT

Standardised Testing of Spelling.

In Year 2 and Year 6, children sit a spelling test as part of their National SATs tests. In addition to this , Year 3, 4 and 5, children sit a spelling test as part of the Optional SATs tests. The spelling test results forms part of the overall English level awarded.

HOMEWORK AND SPELLING.

From Year 2, children will have spelling homework set every fortnight. This homework will be appropriate to their needs and will be linked to the spelling investigations covered in the Literacy lessons. If there is no relevant spelling homework for a particular week, children are encouraged to learn the words on their Spelling walls and a parent/carer becomes their spelling partner. Information on how to use the Spelling Wall is included in the Spelling Log.

5. DOCUMENTATION

Year Group objectives for the teaching of spelling can be found in the Primary National Framework

Specific Phonic Teaching can be found in Letters and Sounds hand book.
In the booklet 'Developing Early Writing' from DFES, Section 4 deals with developing Spelling.

Objectives and Ideas for Spelling Investigations can be found in Support for Spelling , The Spelling Bank book and the Grammar for Writing book.

6. SPECIAL EDUCATIONAL NEEDS

SEN

For children on the SEN register, information gathered from the SPAR spelling results is used to inform the SENCO and class teacher of the children who may need specific spelling targets on their IEPs. The information is also useful when planning Literacy groupings.

For certain children, it may be relevant to follow a more structured phonics and spelling scheme in order to meet their specific learning needs. These children are sometimes withdrawn from lessons in order to follow the PAT scheme- Phonological Awareness Training, Toe by Toe, Wordwasp or Lexia reading/spelling programmes. The children are taught by Teaching Assistants who have the relevant experience. These interventions are recommended by SENSS (Special Educational Needs Support Services)

7. INSET

The Literacy coordinators will attend spelling courses organised by the Literacy advisers and inspector in the Borough. The Literacy coordinator will deliver INSET on changes to National and East Riding policy on spelling.

8. LIST OF APPENDICES

1. Job Description for Literacy Coordinator.
- 2a. Key words table mat KS1
- 2b. Key words table mat KS2
- 3a. Spelling Wall used in KS1
- 3b. Spelling Wall used in KS2
4. Instructions on how to use the spelling wall (for children and parents)
5. The Spelling Strategy Checklist for Year 2, 3, 4, 5 and 6.
6. The Proof-Reading system for KS2.
